12v 80A generator plus inverter

12v 80A generator plus inverter

The MultiPlus, as the name suggests, is a combined inverter and charger in one elegant package. Its many features include a true sine wave inverter, adaptive charging, hybrid PowerAssist technology, plus multiple system ...

Description The Victron MultiPlus 12V 2kVA is equipped with adaptive charging technology preventing an overload of limited AC sources, such as generators or shore power connections. When an overload is detected, ...

Its many features include a true sine wave inverter, adaptive charging, hybrid PowerAssist technology, plus multiple system integration features. The MultiPlus will prevent overload of a limited AC source, such as a ...

The 12/2000/80 MultiPlus from Victron Energy is a powerful true sine wave inverter, a sophisticated battery charger that features adaptive charge technology and a high-speed AC transfer switch in a single compact unit.

The MultiPlus 12/2000/80-50 is a UL-Certified 12-Volt 2000-Watt pure sine wave inverter with an adaptive 80A battery charger and a high-speed 50A transfer switch.

The MultiPlus is a combined inverter and charger that offers a true sine wave output, adaptive charging, and PowerAssist technology. It prevents overloads by reducing battery charging or ...

The MultiPlus is a combined inverter and charger that offers a true sine wave output, adaptive charging, and PowerAssist technology. It prevents overloads by reducing battery charging or boosting power from the battery to ...

Its many features include a true sine wave inverter, adaptive charging, hybrid PowerAssist technology, plus multiple system integration features. Unique PowerAssist feature - The ...

Its many features include a true sine wave inverter, adaptive charging, hybrid PowerAssist technology, plus multiple system integration features. Unique PowerAssist feature - The ...
