24 negative inverter 6800 watts

Overview

How much power does a Home Depot 6800 watt inverter generator produce?

To verify or get additional information, please contact The Home Depot customer service. The WEN 6800W 120V/240V Inverter Generator provides clean energy without all the noise of a regular generator. Produce up to 6800 surge and 5100 rated watts of power on gas, or 6000 surge and 4500 rated watts on LPG.

Is the Wen 6800 a good inverter generator?

Our team recently got the chance to test the WEN 6800 Inverter Generator, and after putting it through its paces, we're excited to share what we learned. From its quiet operation to its impressive power output, this model packs a punch—perfect for both everyday use and emergencies.

How much power does a Wen 6800 watt generator produce?

The WEN 6800W 120V/240V Inverter Generator provides clean energy without all the noise of a regular generator. Produce up to 6800 surge and 5100 rated watts of power on gas, or 6000 surge and 4500 rated watts on LPG. Keyless electric start lets you turn on your generator at the press of a button.

Can I connect two 240V Inverter generators?

Easily link up any two 240V WEN inverter generators using a WEN 240V Parallel Connection Kit (sold separately) in order to share wattage amongst multiple units. Low-oil and low-fuel automatic shutdown combine with the built-in overload protection and indicator lights to safeguard both your generator and your electronics from damage.

What is a bonded-neutral 240V inverter generator?

The bonded-neutral 240V configuration provides low-power Level 2 battery EV charging for peace of mind when your electric vehicle is off the grid. And because this is a WEN Product, your inverter generator comes backed by a

3-year limited warranty, a nationwide network of skilled service technicians, and a friendly customer helpline.

What kind of engine does a Wen 6800 use?

Let's talk power—because at the end of the day, that's what really matters. The WEN 6800 dual fuel generator runs on a 224cc dual-fuel engine, and let me tell you—it's a beast. What I really love is the flexibility. You can run it on gasoline or propane, depending on what you have handy or what your situation calls for.
