# Base station communication equipment sales

## Overview

---

What is a communication base station?

Communication base station setups will usually include a wide array of different technologies, including power supplies, data servers, head end, radio repeaters, and communication systems that allow for high-speed continuous information flow. It can also be used as part of a leaky feeder system in the communication network.

Can a mobile CB radio be used as a base station Radio?

Same with a vehicle antenna, the longer and higher the antenna is, the more range you will get. Take note that you can utilize a mobile CB radio as your base station radio, however, you will likely need a power supply to power the radio since they typically do not come with a power cord that you can plug into the wall.

What are used base stations?

Used base stations are the key revenue generating tool for your wireless network. Worldwide Supply offers a variety of OEM branded used wireless base stations to fit your unique network configuration.

Are base stations a good way to stay connected?

Base stations are a great way to stay connected, especially during an emergency. We have base station radios, antennas, and microphones! Same with a vehicle antenna, the longer and higher the antenna is, the more range you will get.

Where can I buy used wireless base stations?

Worldwide Supply offers a variety of OEM branded used wireless base stations to fit your unique network configuration. As you expand into new markets and adopt newer technologies, turn to Worldwide Supply to sell your wireless base stations and generate a maximum return. We work hard to be your best

location to buy wireless base stations.

Should you buy or sell a base transceiver station?

For savings of up to 70% off original OEM pricing, buy used base transceiver stations and build out the right support for your base station controller. When you're ready to expand beyond current network and displace existing technologies, sell your used transceiver station as a way to shore up investment in top-line RBS and eNB.
