

PDEOZE PowerContainer

Benin Solar Energy Systems Engineering Company

Overview

Who is building Benin's biggest solar power plant?

Eiffage Énergie Systèmes is building Benin's biggest . Beninese Electrical Energy Company SBEE has appointed Eiffage Énergie Systèmes' teams (and teams from our subsidiary RMT in particular) to build a photovoltaic solar power plant and a high-voltage bay enabling the plant to be connected up to the national power grid.

Who are the actors in the solar industry in Benin?

Main actors from the private sector are for solar products and installations: L'Association Inteprofessionnel des Spécialistes des Energies Renouvelables du Bénin (AISER - Bénin) / The Interprofessional Association for Renewable Energy Specialists: is an "an association for promotion and advocacy of the renewable energy in Benin" .

Who is responsible for generating electricity in Benin?

Societe Beninoise d'Énergie Electrique (SBEE): Responsible for electricity distribution and local generation through diesel generators (around 13% of generation capacity). Agence Beninoise d'Électrification Rurale et de Maitrise d'Énergie (ABERME): responsible for rural energy supply (established in 2004).

What type of energy is used in Benin?

Like for most countries in Sub-Saharan Africa, Benin's energy sector is largely dominated by the use of biomass-based energy sources (59.4%) (Tableau de Bord de l'Énergie au Bénin, 2005), followed by petroleum products (38.4%) and, to a lesser degree, electricity (2.2%).

Will defissol help Benin reduce its energy bill?

Onigbolo power plant construction project, known as Defissol, is co-funded by the European Union (EU), French Development Agency (AFD) and the SBEE. It

should allow Benin to reduce its energy bill, while enhancing the value of renewable energies.
