El Salvador solar module export tariffs

48V 100Ah

Overview

As of mid-2025, El Salvador, like most non-sanctioned countries, is subject to the new 10% baseline reciprocal tariff imposed under the International Emergency Economic Powers Act (IEEPA). Will the US reduce tariffs on Salvadoran exports?

El Salvador's Economy Minister announced final negotiations with the U.S. to reduce tariffs on Salvadoran exports, emphasizing constructive dialogue despite uncertainties regarding a 10% tariff imposed by Trump.

How does a free trade agreement affect El Salvador?

For instance, products that are sourced from countries with which El Salvador has a free trade agreement may benefit from reduced or eliminated tariff rates, enhancing trade opportunities. Conversely, goods originating from nations without such agreements may incur higher tariffs, affecting their competitiveness in the Salvadoran market.

Does El Salvador have a bilateral trade agreement?

For countries with which El Salvador does not have a bilateral trade agreement, most of El Salvador's tariffs do not exceed the maximum standard external tariff of 15% established by the Central American Common Market (CACM) treaty, of which it is a signatory. However, there are several exceptions and agricultural products face the highest tariffs.

How are tariffs affecting El Salvador?

Although tariffs on certain Salvadoran goods have increased by up to 10%, the same products from Asia face tariffs of up to 49%. Sectors such as textiles and clothing, plastics, and food products are already showing signs of growth in El Salvador.

What happens if El Salvador provides preferential tariff treatment?

In the event that El Salvador provides preferential tariff treatment to a good

covered by this note under the legal instruments of Central American integration or pursuant to an agreement with the Dominican Republic, this note shall no longer apply to such good.

Does El Salvador have a duty-free trade policy?

Under CAFTA-DR, more than half of U.S. agricultural exports now enter El Salvador duty-free. In 2006, El Salvador began a process to eliminate its remaining tariffs on nearly all agricultural products within 15 years (18 years for rice and chicken leg quarters and 20 years for dairy products).
