Home Energy Storage Payback

Overview

With energy storage payback cycles improving 18% YoY according to BloombergNEF, waiting could cost you more than last year's Bitcoin crash. Pro tip: Combine storage with demand response programs - it's like finding money in last season's jacket.

Home Energy Storage Payback

NYSERDA is offering incentives for the installation of home battery storage systems by approved contractors that can help lower electricity bills and enhance resilience to power outages.
