## Overview

---

Lilongwe, Malawi | 25th November 2024 — The Global Energy Alliance for People and Planet (GEAPP) and the Government of Malawi have officially launched the construction of a 20 MW battery energy storage system (BESS) at the Kanengo substation in Malawi's capital city, Lilongwe.

Lilongwe, Malawi | 25th November 2024 — The Global Energy Alliance for People and Planet (GEAPP) and the Government of Malawi have officially launched the construction of a 20 MW battery energy storage system (BESS) at the Kanengo substation in Malawi's capital city, Lilongwe.

Lilongwe, Malawi | 25th November 2024 — The Global Energy Alliance for People and Planet (GEAPP) and the Government of Malawi have officially launched the construction of a 20 MW battery energy storage system (BESS) at the Kanengo substation in Malawi's capital city, Lilongwe. This is GEAPP's first.

WASHINGTON, May 15, 2025— The World Bank Board of Executive Directors today approved a \$350 million grant from the International Development Association (IDA)\* to support Malawi's Mpatamanga Hydropower Storage Project (MHSP), a large infrastructure operation aiming to transform the country's energy.

The Global Energy Alliance for People and Planet (GEAPP), in partnership with Malawi's government and ESCOM, has launched a \$20 million project to build the country's first Battery Energy Storage System (BESS) in Lilongwe. The initiative aims to cut carbon emissions by 10,000 tons annually while.

Sovereign Metals has entered into a non-binding Memorandum of Understanding with Electricity Supply Corporation of Malawi (ESCOM) to secure long-term electricity supply for its Kasiya Rutile-Graphite Project, establishing a framework for 60MW hydropower supply through connection to the Nkhoma.

The government has set out an ambitious target to meet all necessary conditions under the Accelerating Sustainable and Clean Energy Access

Transformation (Ascent) initiative by April end and commence project activities in May this year. This follows the signing of a \$250.8 million grant with the.

The World Bank has approved a substantial \$350 million grant to support Malawi's Mpatamanga Hydropower Storage Project (MHSP), marking a significant milestone in the nation's energy sector. This initiative, developed as a public-private partnership, aims to transform Malawi 's energy landscape by.
