# Mauritius Energy Storage Charging Station

## Overview

---

How many charging stations are there in Mauritius?

Electromaps database contains 0 charging stations available throughout the country, making it easier for drivers to power their vehicles on the go. Unknown city (temporary) is the city with more charging stations in Mauritius. And Unknown city (temporary) is the place with less.

Why is battery energy storage system being introduced in Mauritius?

The CEB is introducing a Battery Energy Storage System (BESS) on its network to arrest the fluctuation inherent to Variable Renewable Energy (VRE) systems. This is due to the increasing share of VRE in Mauritius' energy mix, as the country's energy transition to a low carbon economy gains momentum.

What is the latest charge point in Mauritius?

The latest charge point added to our database of Mauritius was: Decathlon Beauplan in Unknown city (temporary) ( 06/11/2023 ). We also provide a mobile app version for Apple iOS (iPhone) and Android devices which can provide more specific details about each charger for free. Our app provides better real time information.

What is Mauritius' long term energy strategy?

The Government of Mauritius' Long Term Energy Strategy 2009-2025 aims to increase the share of renewable energy in our energy mix to 35% by 2025. This includes reducing the country's dependence on coal and heavy oil for electricity generation.

How will Mauritius transition to a low carbon economy?

Mauritius is transitioning to a low carbon economy, with the Central Electricity Board (CEB) installing the first grid-scale Battery Energy Storage System (BESS). This is the first of its kind in Mauritius and enables high capacity storage of renewable energy in the grid.

What is Mauritius aiming to reduce dependence on?

The Government of Mauritius' Long Term Energy Strategy 2009-2025 aims to increase the share of renewable energy in our energy mix to 35% by, reducing the country's dependence on coal and heavy oil for electricity generation.
