Micronesia solar Energy Storage Project

Overview

What is a solar project in Kosrae?

The project will also include a hybrid PV-diesel mini-grid and solar-home-systems in Walung village, a remote part of Kosrae island. Investments in Walung will include 60 kW of PV, a 30 kW diesel generator, a 30kW/160kWh BESS, and multiple 2.5 kW/4kWh solar home systems.

What projects are being invested in yspsc & Kosrae?

Project investments will include solar photovoltaic (PV) and mini-grid investments for Kosrae Utilities Authority (KUA) in Kosrae, and (ii) PV and a battery energy storage system (BESS) for Yap State Public Services Corporation (YSPSC) in Yap. The scope of investments and estimated associated costs for each State are presented in Table 1.

Does Kosrae have a solar power system?

Solar PV and mini-grid in Kosrae installed 1.15 MWp solar photovoltaic installed in the Kosrae power system; Electrification of Walung Village, Kosrae with a hybrid solar (60 kWp), diesel (30 kW), battery (30 kW / 160 kWh) mini-grid, and solar home systems (2.5 kW/ 4 kWh); and Capacity building in KUA.

Is Chuuk power utility a part of a solar project?

Investments in Chuuk Power Utility Corporation are included in a separate program. 7. The project in Kosrae includes 1.15 megawatt (MW) of ground-mount and roof-top solar photovoltaic (PV) on KUA's main grid. This will be integrated with a World Bank-financed battery energy storage system (BESS) that is also being planned for KUA's main grid.

What is the Federated States of Micronesia (FSM)?

The Federated States of Micronesia (FSM) consists of the Government of FSM (GoFSM) and the four states of Chuuk, Kosrae, Pohnpei, and Yap.

Will solar power help FSM achieve 70 percent renewable electricity by 2030?

New grid-connected solar generation and battery storage systems in Chuuk and Pohnpei will help FSM meet its goal of 70 percent renewable electricity by 2030, while cutting greenhouse gas emissions and insulating communities from volatile fuel prices.

Micronesia solar Energy Storage Project

The project will also include a hybrid PV-diesel mini-grid and solar-home-systems in Walung village, a remote part of Kosrae island. Investments in Walung will include 60 kW of PV, a 30 kW diesel generator, a 30kW/160kWh BESS, and multiple 2.5 kW/4kWh solar home systems.

Project investments will include solar photovoltaic (PV) and mini-grid investments for Kosrae Utilities Authority (KUA) in Kosrae, and (ii) PV and a battery energy storage system (BESS) for Yap State Public Services Corporation (YSPSC) in Yap. The scope of investments and estimated associated costs for each State are presented in Table 1.

Solar PV and mini-grid in Kosrae installed 1.15 MWp solar photovoltaic installed in the Kosrae power system; Electrification of Walung Village, Kosrae with a hybrid solar (60 kWp), diesel (30 kW), battery (30 kW / 160 kWh) mini-grid, and solar home systems (2.5 kW/ 4 kWh); and Capacity building in KUA.

New grid-connected solar generation and battery storage systems in Chuuk and Pohnpei will help FSM meet its goal of 70 percent renewable electricity by 2030, while cutting greenhouse gas emissions and insulating communities from volatile fuel prices.

Sep 17, 2025 · The tender forms part of Micronesia's Sustainable Energy and Accompanying Measures project that is being funded by the European Union via a financing agreement ...

The ADB worked with Tonga on the development of a hybrid minigrid on Vava'u in 2023, including a 0.3 MW solar generation system and a 1 MW/2 MWh battery energy storage ...

Oct 15, 2024 · The utility on the Federated States of Micronesia (FSM) island of Yap is seeking bids to supply battery energy storage systems (BESS) and 79 kW of solar minigrid generation capacity.

May 28, 2025 · The ARISE Project will directly address this, funding the construction of solar-powered mini grids and stand-alone solar home systems across four unelectrified islands in ...

Why Micronesia's Energy Storage Project Matters The Micronesia Energy Storage Power Station bidding represents a pivotal moment for sustainable infrastructure development in the Pacific ...

Oct 15, 2024 · The utility on the Federated States of Micronesia (FSM) island of Yap is seeking bids to supply battery energy storage systems (BESS) and 79 kW of solar minigrid generation ...

The Micronesia Photovoltaic Energy Storage Project involves several initiatives aimed at enhancing renewable energy in the region:Yap State Public Service Corp. is seeking bids for ...

Oct 29, 2024 · The Tonga Renewable Energy Project also provided funds for a battery energy storage system and the modernization of TPL's central control center on Tongatapu. ...

Oct 29, 2024 · The Tonga Renewable Energy Project also provided funds for a battery energy storage system and the modernization of TPL's central control center on Tongatapu. Micronesia issues invitation to bid for solar ...

Project investments will include solar photovoltaic (PV) and mini-grid investments for Kosrae Utilities Authority (KUA) in Kosrae, and (ii) PV and a battery energy storage system (BESS) for ...

Oct 14, 2024 · Yap State Public Service Corp. is seeking bids to supply solar minigrids with battery energy storage systems (BESS), totaling 79 kW, for Yap Island in the Federated States ...

Feb 5, 2023 · The Project outputs are: Solar PV and mini-grid in Kosrae installed 1.15 MWp solar photovoltaic installed in the Kosrae power system; Electrification of Walung Village, Kosrae ...
