## Overview

---

EPCG, Montenegro's largest electricity provider, is investing in two four-hour battery energy storage systems (BESS) to strengthen grid resilience and balance supply and demand.

EPCG, Montenegro's largest electricity provider, is investing in two four-hour battery energy storage systems (BESS) to strengthen grid resilience and balance supply and demand.

The utility is procuring two grid-scale battery storage systems to the tune of EUR 48 million (\$55.9 million). EPCG, Montenegro's largest electricity provider, is investing in two four-hour battery energy storage systems (BESS) to strengthen grid resilience and balance supply and demand. Each.

Montenegro has taken a decisive step toward modernizing its power system with a €48 million investment in large-scale battery energy storage systems (BESS). State-owned utility Elektroprivreda Crne Gore (EPCG) has launched an international tender for two commercial and industrial energy storage.

Montenegro's state-owned power utility, Elektroprivreda Crne Gore, has launched a tender for the procurement and installation of two battery energy storage systems with a total capacity of 60 MW/240 MWh. Elektroprivreda Crne Gore (EPCG) is seeking a partner for the design, supply, installation.

Montenegro's power utility, Elektroprivreda Crne Gore (EPCG), is preparing to open a significant tender for the procurement of battery energy storage systems (BESS) with a total capacity of 240 MWh. This initiative is part of the country's broader strategy to enhance its energy infrastructure and.

The energy sector in Montenegro currently stands at a crossroads, with a mix of traditional hydropower and thermal power plants dominating the landscape, alongside a growing presence of wind and solar projects. The existing infrastructure, while functional, often struggles with the intermittency of.

Montenegro's state-owned power company, Elektroprivreda Crne Gore (EPCG), is pioneering the installation of battery energy storage systems (BESS) to

enhance energy system efficiency and support renewable energy integration.  
Main Content: Elektroprivreda Crne Gore (EPCG), the largest state-owned.
