

## **PDEOZE PowerContainer**

# **Namibia original inverter structure manufacturer**

## Overview

---

Namibian Engineering Corporation (Pty) Ltd (NEC) was founded as a family business in 1958, first called South West Engineering, then known as SWE and renamed to NEC in 1990. What products does probe manufacture?

The range further includes inverters, solar kits and next generation battery chargers and boosters. Probe represents international manufacturing plants including Enerbond, ISS, Monbat, Maxli, and Tudor, importing varied best-of-breed technologies to cater for different market needs. Cars, Trucks and Earth Moving Equipment.

Who are the leading OEM battery manufacturers in South Africa?

We represent the trusted OEM brands including Borg Warner (Delco Remy), Prestolite (Leece-Neville), CE Niehoff and Horton. We remain a leading importer and distributor of the latest battery technologies in the Southern African region.

What is a probe industrial technology?

This series includes lead calcium “wet plate type”, tubular, AGM, GEL and Lithium Iron Phosphate technologies that cater for various deep cycle applications. batteries and inverters, for both domestic and industrial markets. Probe Industrial Technologies powers efficient industry through quality air and power solutions.

Who is probe energy group?

The collective represents major international brands including Eaton Airflex, Siti, Nexen and MicroPower. Probe, established in 1963 by Francesco Rovelli, has developed into a diversified group powering the alternative energy, mining, automotive and industrial sectors in Southern Africa.

Who is probe batteries?

Cars, Trucks and Earth Moving Equipment Known for supplying the Complete

Power Package with a focus on batteries, starters and alternators, Probe represents world-class batteries and branded auto-electrical components. We represent the trusted OEM brands including Borg Warner (Delco Remy), Prestolite (Leece-Neville), CE Niehoff and Horton.
