

PDEOZE PowerContainer

New Zealand energy storage product supplier

Overview

Where to buy a lithium battery in New Zealand?

Cell-Supply NZ started in 2022 and is based in Tauranga. It's one of New Zealand's top lithium battery shops. With the goal of "bringing cells to those who need them," they offer lithium-ion cells like 18350, 18650, and 21700. These cells have high energy density, low self-discharge, and a wide operating temperature range.

What kind of batteries are used in New Zealand?

Century lead-acid batteries are specially designed for New Zealand conditions. They come in two types: flooded and AGM, making them suitable for 4WDs, RVs, golf carts, wheelchairs, mobility scooters, and marine systems. Century lithium deep cycle batteries use LiFePO₄ (lithium iron phosphate) technology.

Does New Zealand have lithium resources?

New Zealand has lithium resources, but they're relatively limited. Large-scale lithium mining hasn't started yet. [Related Article](#)
