

PDEOZE PowerContainer

New Zealand solar inverter manufacturer

Overview

Who makes solar inverters & energy storage solutions?

Leading Manufacturer of Solar Inverters & Energy Storage Solutions GoodWe specialise in manufacturing solar and PV inverters as well as other electronic components.

Which is the best solar inverter for NZ conditions?

Or read on to find out which is the best inverter for NZ conditions. In our opinion, Austrian-based company Fronius, offers the best solar inverters on the market right now, hands down. While they aren't the cheapest option, they do offer the best value. Here's why. The longer your solar system lasts, the more free power you'll enjoy.

Why should you buy a NZ inverter?

Locally stocked inverters and batteries backed by robust NZ warranties and decades of tech expertise for swift, reliable support. Precision-engineered racking with click-in assembly, rigorously tested for wind, snow, and UV resistance—built for fast, durable installs.

Why should you buy a solar inverter in NZ in June 2025?

June 2025 marks a turning point for solar in NZ, with new builds, rural financing, and ICP growth pointing to structural change across residential, industrial, and utility sectors. Source high-performance hybrid, residential & commercial solar inverters. Complete technical support, local stock, and comprehensive warranties for your installations.

What types of solar inverters are available in Aotearoa?

Victron inverters are also super versatile, allowing you to connect solar batteries, generators, and even other forms of renewable power generation, such as wind turbines and micro-hydro solutions. Now, hybrid inverters are fast becoming the most popular type of solar inverter available in Aotearoa.

What is a goodwe solar inverter?

GoodWe solar inverters can be used in a range of applications including residential and commercial rooftops, industrial and utility scale systems and range in size from 0.7 kW to 250 kW. M+H Power have carefully selected GoodWe as a partner with their Hybrid Range of inverter products.
