

PDEOZE PowerContainer

Niue mobile outdoor power supply manufacturer

Overview

What is a portable energy storage power supply?

This product is a portable energy storage power supply with built-in high-efficiency lithium-ion battery, safe lithium battery management system (BMS) and high-efficiency energy conversion circuit. With the features of light weight, small size and high power.

Who is niuess?

NIUESS has 20 years of experience as battery storage manufacturer, equipped with professional energy storage engineers. Leading portable power station manufacturers.

Who is niuess energy storage company?

Being known as an energy storage company, NIUESS has adhered to independent R&D, design, production and sales since its establishment. We manufacture different types of energy storage devices and export them all over the world. We have been committed to realizing the beautiful vision of “green technology, better life”.

What types of energy storage systems can niuess provide?

For residential use, we can provide integrated and stacked home storage systems with capacities of 5 kWh to 30 kWh. For large-scale industrial and commercial energy storage projects, we also have container energy storage cabinets and distributed storage cabinets. As a energy storage company, NIUESS is a reliable choice for customers.

Why should you choose niuess as a energy storage company?

As a energy storage company, NIUESS is a reliable choice for customers. We not only gives catalog products but also offers customization, whether it is a simple cosmetic adjustment or an overall product modification.
