Outdoor power supply prices in Zambia

Overview

In recent years, Zambia has suffered from severe droughts and power shortages. So the Zambian government purchased 60 sets of Anern 10.2KW systems for building power supply.

In recent years, Zambia has suffered from severe droughts and power shortages. So the Zambian government purchased 60 sets of Anern 10.2KW systems for building power supply.

This power supply system consists of 24 sets of 450W solar panel, 10.2KW inverters, a combiner box, and four 48V 200AH lithium batteries, which perform extremely well and can efficiently convert solar energy into usable electricity. After installing this system, Zambian buildings can still have.

Here are some of the popular ones available in the Zambian market: This model is priced between KW210,000 and KW350,000. It comes with an inverter capacity of 400 watts and an output voltage of 230v AC, 12V DC, 5V. The battery capacity is 100AH, and it has a charging current of 8a - 15a. This.
