Peru Mobile Battery Cabinet

Peru Mobile Battery Cabinet

Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of your critical facility.

It is an one-stop integration system and consist of battery module, PCS, PV controler (MPPT) (optional), control system, fire control system, temperature control system and monitoring system.

The energy storage container integrates the lithium battery system, sink cabinet, PCS, air conditioner, transformer, EMS of the main energy storage control system as well as lighting

I will be filling it soon but the only part I see as tricky is the battery exit (to inverter) cabling. There are ports in the top but with the height of the cabinet it might be awkward.
