With the ability to accommodate multiple battery formats and chemistries -- from cylindrical to pouch to prismatic cells -- Battery-NY comes as both a critical and novel facility to fill gaps in U.S. manufacturing and innovation.

With over 167,000 square feet of manufacturing space, our First Gigafactory is fully equipped to manufacture high quality cells, from mixing raw materials straight through to shipping the final ...

Exciting to be involved in a new era for Slovakia, becoming a leader in the battery sector to clean energy and e-mobility. GIB's Surany factory will be among the largest and most innovative of its kind in the world.

Gotion High-tech (SHE: 002074) has commenced construction of its Slovakian battery factory, following the announcement of the plan last December to expand its production ...
