SL Solar Energy is at the forefront of renewable energy development in Uzbekistan and is known for its unwavering commitment to quality and sustainable development. Taking a firm commitment to the use of solar energy, we specialize in the most important solutions in the field of solar technologies.

Uzbekistan's solar sector is experiencing unprecedented growth, driven by government initiatives targeting 12 GW of renewable capacity by 2030. With abundant solar irradiance levels of 5.5-6.0 kWh/m² daily and the 2025 "Year of Environmental Protection and Green Economy" initiative, the country has.

GSL ENERGY provides high-performance lithium solar battery solutions that are engineered for Uzbekistan's climatic range—from desert regions near Bukhara to colder mountainous areas in the east. These systems offer long lifespan (6500+ cycles), strong thermal stability, and excellent.

Expo Energy is the sales, installation, and service representative of its products. We believe in a better energy future. We are growing with our success in the development, design, construction and financing of renewable energy projects in Turkey. Solar energy is not a limited resource like fossil.
