

## **PDEOZE PowerContainer**

# **Vietnam Energy Storage Project Company**

## Overview

---

This project, developed by Vietnam Electricity (EVN) in collaboration with the Asian Development Bank (ADB), Rocky Mountain Institute (RMI), Global Energy Alliance for People and Planet (GEAPP), and the Vietnam Energy Institute, marks a crucial step towards Vietnam's target of developing 300MW of energy storage by 2030, as outlined in the latest Eighth Power Development Plan (PDP 8). Does Marubeni have a battery energy storage system in Vietnam?

Japan's Marubeni Corporation, through its wholly-owned subsidiary Marubeni Green Power Vietnam Co., Ltd, has begun operating a battery energy storage system (BESS) project in Vietnam.

Can energy storage help Vietnam meet climate goals?

Co-funded by a grant from U.S. Mission Vietnam, the pilot project will demonstrate how energy storage can help Vietnam integrate more renewable energy into its power system to meet ambitious climate goals.

Can battery energy storage be commercially viable in Vietnam?

The BESS project aims to demonstrate the commercial viability of battery energy storage in Vietnam and showcase the practical benefits of renewable energy, including its reliability and efficiency. It also seeks to help Vietnam meet its climate action targets.

Can battery energy storage systems stabilize Vietnam's grid?

Sunita Dubey and Hyunjung Lee share how Vietnam is leveraging Battery Energy Storage Systems to stabilize their grid and accelerate the energy transition.

Did Marubeni launch a megawatt-scale battery storage demonstration project in Vietnam?

The project's official inauguration event held in December. Image: VinGroup. A green energy subsidiary of Japanese conglomerate Marubeni has brought

online a megawatt-scale battery storage demonstration project in Vietnam.

Who owns Marubeni green power Vietnam?

Marubeni Green Power Vietnam, a wholly owned subsidiary of Marubeni—one of Japan's largest general trading 'sōgō shōsha' companies—partnered with Vietnamese counterpart VinGroup for the 1.8MW/3.7MWh lithium-ion (Li-ion) battery energy storage system (BESS) project.

Mar 6, 2025 · A green energy subsidiary of Japanese conglomerate Marubeni has brought online a megawatt-scale battery storage demonstration project in Vietnam. Marubeni Green Power ...

May 9, 2025 · The BESS system at the PECC2 Innovation Hub was the largest BESS system in Vietnam at the time it began operation in 2021, reflecting PECC2's pioneering vision and role ...

The Vietnam PECC2 BESS System (Battery Energy Storage System) developed by LS ELECTRIC Vietnam is a cutting-edge energy storage solution. When the BESS is installed at ...

Dec 20, 2024 · Japan's Marubeni Corporation, through its wholly-owned subsidiary Marubeni Green Power Vietnam Co., Ltd, has begun operating a battery energy storage system (BESS) project in Vietnam.

Aug 2, 2024 · Battery Energy Storage Systems (BESS) play a pivotal role in addressing these challenges by minimising the intermittency of renewables, enhancing grid flexibility, and ...

Energy Storage AES is the world leader in lithium-ion-based energy storage, both through our business project and joint venture, Fluence. We pioneered the technology over one decade ...

Dec 23, 2024 · VinFast Energy, Marubeni, and Vinpearl successfully launched the Battery Energy Storage System (BESS) at Vinpearl Resort Nha Trang, marking a significant milestone in ...

5 days ago · The joint venture is collaborating with Honeywell to integrate Vietnam's first grid-connected battery energy storage system (BESS) project in the 50 MWp Khanh Hoa Solar plant The project aims to demonstrate ...

Energy Storage AES is the world leader in lithium-ion-based energy storage, both through our business project and joint venture, Fluence. We pioneered the technology over one decade ago, and today almost half our new ...

Dec 20, 2024 · Japan's Marubeni Corporation, through its wholly-owned subsidiary Marubeni Green Power Vietnam Co., Ltd, has begun operating a battery energy storage system (BESS) ...

5 days ago · The joint venture is collaborating with Honeywell to integrate Vietnam's first grid-connected battery energy storage system (BESS) project in the 50 MWp Khanh Hoa Solar ...

May 18, 2022 · Marubeni Corporation, through its wholly-owned subsidiary Marubeni Green Power Vietnam Co., Ltd, has commenced a battery ...

Jan 7, 2025 · The project's official inauguration event held in December. Image: VinGroup. A green energy subsidiary of Japanese conglomerate Marubeni has brought online a megawatt-scale battery storage ...

Jan 7, 2025 · The project's official inauguration event held in December. Image: VinGroup. A green energy subsidiary of Japanese conglomerate Marubeni has brought online a megawatt ...

May 18, 2022 · Marubeni Corporation, through its wholly-owned subsidiary Marubeni Green Power Vietnam Co., Ltd, has commenced a battery energy storage system ("the BESS") ...

Aug 2, 2024 · Battery Energy Storage Systems (BESS) play a pivotal role in addressing these challenges by minimising the intermittency of renewables, enhancing grid flexibility, and ensuring reliable power supply. In a ...

May 9, 2025 · The BESS system at the PECC2 Innovation Hub was the largest BESS system in Vietnam at the time it began operation in 2021, reflecting PECC2's pioneering vision and role in mastering energy storage ...
