Overview

This article delves into the burgeoning solar panel industry in Honduras, highlighting its supply chain centers, top solar panel manufacturers, and the main fairs that are pivotal for companies looking to make their mark in the solar energy market in Honduras.

This article delves into the burgeoning solar panel industry in Honduras, highlighting its supply chain centers, top solar panel manufacturers, and the main fairs that are pivotal for companies looking to make their mark in the solar energy market in Honduras.

In the heart of Central America, Honduras is making significant strides towards becoming a leader in sustainable energy, particularly in the solar energy sector. The country's commitment to renewable energy is evident in its growing solar industry, which has seen a surge in both local and

However, the rate of ITC rate will go down to 26% in 2020, 22% in 2021, and 10% after 2021. Meanwhile, electricity prices will continue to increase year-over-year. So, the sooner consumers adopt solar energy, the more they can save. Most solar modules are currently produced from crystalline silicon.

Solaris, fundada en 1994 naciendo con el propósito de ofrecer soluciones de energía que mejoren la calidad de vida de sus clientes y contribuyan al desarrollo sostenible de Honduras. En 2018 el Ing. Iván Pastor con su socio Adolfo Montenegro compraron las acciones de Solaris, para renovar e innovar.

Está ubicado en Villanueva, San Pedro Sula, un espacio industrial con 10 bodegas. Desarrollado por SEL, la división solar de la local Corporación Dicoma, tiene módulos JinkoSolar, inversores Solis y fijación directa S-5! Una instalación fotovoltaica sobre techo curvo, presentada como la más grande.
