Do you need a power bank?

For this guide alone, I've spent more than 100 hours cumulatively researching and testing power banks. Most people can find use for a USB power bank (also called an external battery pack, backup battery, or portable charger) to keep phones and other devices charged while on the go.

Who is a power bank for?

Who's it for: This power bank is ideal for frequent travelers, tech enthusiasts, and professionals who need to charge multiple devices on the go, including laptops and smartphones. Its high capacity and fast charging capabilities make it perfect for those who rely heavily on their devices throughout the day.

What are the best wireless portable chargers & power banks?

For Qi-compatible devices, we also have a separate guide to the best wireless portable chargers and power banks. The best replacement for your original charger is the Nekteck 60W USB-C GaN Charger. It's cheaper and smaller but just as powerful and reliable.

What is a USB power bank?

Most people can find use for a USB power bank (also called an external battery pack, backup battery, or portable charger) to keep phones and other devices charged while on the go. Rather than tracking down a wall outlet, owning a USB power bank allows you to enjoy a conveniently portable (albeit

limited) power supply.

What is the best power bank to charge a phone?

After putting in hundreds of hours of research and testing, we've found that the Belkin Boost Charge Plus 10K is the best power bank to charge a phone, tablet, or another small, handheld device. It's an all-around great portable charger that can offer you peace of mind whenever wall outlets are out of reach. Best for.
